Dear Alan,

Grace & I would like to thank you, in writing, for doing such an amazing job on our wedding day. When we entered the room we were taken back at how beautiful you^{had} made the room, going above & beyond our expectations. You and your team were so kind & friendly. All of our guests were raving about what an excellent meal it was; not only that it tasted fantastic but also that you were so generous in portion sizes! We really hope you heard the upstanding applause you recieved from our guests

that night.

Once again Grace & I would like to thank you for making our special day even more so! You have gained two new sales-reps because we'll be advising anyone needing a caterer to go to you!

Your Sincerely
